New Application

Reapplication

Pursuant to Section 7, of the Minimum Standards for Bowman Field adopted by the Louisville Regional Airport Authority, all applications must demonstrate compliance with all Section 3 General Requirements, the specific requirements under the Section for the business type proposed below, and must contain the following below listed information.

Space has been provided for response to each question. In many cases, it may be necessary to attach the requested information. If so, please indicate as "See Attached - Exhibit ____". Care should be taken in preparing this application as any incomplete or incorrect information may delay consideration by the Authority.

Consistent with applicable law, financial information you submit may be confidential. If you wish to request that the financial information you submit be kept confidential, you must submit such information in a separate attached exhibit. Other information submitted as a part of this Application will be made available to the public upon request.
