## **Timothy Bradshaw Hired as Airport Deputy Executive Director of Operations**

**Louisville, KY** (December 4, 2007)— Skip Miller, Executive Director of the Louisville Regional Airport Authority, announced today that Timothy T. Bradshaw, A.A.E., has been hired, effective January 2, 2008, as the Authority's Deputy Executive Director of Operations.

As the chief operating officer for Louisville International and Bowman Field, Bradshaw will oversee the planning and organization of the airport operations division—including public safety, airside operations, terminal maintenance, commercial ground transportation services and emergency programs. In addition, Bradshaw will be responsible for coordinating operational activities with numerous outside agencies.

Bradshaw comes to Louisville from Owensboro, Kentucky, where he was Airport Manager for the Owensboro-Daviess County Regional Airport. He also previously served as Airport Manager for the Bowling Green/ Warren County Airport.

Miller noted, "Bradshaw's 18 years of experience in airport operations and management—including overseeing Owensboro's \$27 million airfield renovation—makes him the ideal candidate for this position."

A graduate of Embry Riddle Aeronautical University, with a Bachelor of Science degree in Aviation Business Administration, Bradshaw also holds a Masters Degree in Public Administration from Western Kentucky University and is an Accredited Airport Executive (A.A.E.)

Bradshaw currently serves on the Boards of Directors of the Owensboro Rotary Club and the American Red Cross and is active in the American Association of Airport Executives.
