Customer Enhancements

Need a place to work? Just want to relax? Looking for a quiet spot in the airport to have a conversation and a couple of drinks? Then Altitude: A Traveler's Club is the place for you.

An array of business services, including high-speed Internet access, fax, phone and copiers allow you to work efficiently while traveling.

Comfortable and quiet seating areas, complimentary snacks and soft drinks, and a full-service bar let you spread out and relax with business associates and friends.

Conveniently located above Starbucks in the Airside Rotunda, the club offers a first-class experience, similar to those of major airline membership clubs, only you're not limited to a particular airline or required to hold multiple memberships.

The club is now offering a promotional day pass for only \$5. Monthly and annual memberships and corporate discount day-pass ticket booklets also are available.

The Altitude Club is operated by HMS Host, Louisville International Airport. Questions? Call (502) 361-5665.

Valet parking is available at Louisville International Airport. Passengers may conveniently drop off and pick up their vehicles on the upper-level (departure) roadway on the west end of the terminal. (Vehicles are parked in the covered parking garage until the traveler returns.)

The service is available daily from early in the morning (4 a.m.) to late in the evening (1 a.m.) for \$20 per day. Reservations are accepted via the internet at www.airvalet.com/Reservations

Travelers with questions are welcome to call Air Valet at (502) 380-1511 or (502) 380-3723.
