Sprint Wi-Fi Service Launched

Sprint now provides airport visitors with a high-speed wireless data service. Users can enjoy the convenience and productivity benefits of Sprint PCS Wi-Fi Access in all public airport passenger areas—at peak speeds up to 100 times faster than standard dial-up.

“Our goal is to be the airport of choice for travelers in our region and Sprint’s Wi-Fi service helps us achieve that goal,” said Skip Miller, Airport Executive Director. “It also enhances our attractiveness as a gateway destination. In addition, one of the many reasons that Sprint was chosen was their willingness and ability to

consistent and convenient manner by simply pressing “Go” once registered.

Wait time before flights can be made more productive for the business traveler,” explained Wes Dittmer, Sprint General

Manager of WLAN services. “We are creating a connection convenience by providing multi-megabit wireless data speeds at an ever-growing list of venues that are frequented by mobile employees.” Users will need a mobile device with Wi-Fi card or embedded with Wi-Fi technology.

Sprint PCS Wi-Fi Access service has two billing options: Pay-as-you-go access is priced at \$9.95 per connection per location for 24 hours of unlimited access; and a new month-to-month plan priced at \$49.95 for monthly unlimited access.

For additional information on usage and other information, visit sprint.com/pcsbusiness or call Sprint’s Customer Service line at 1-866-727-9434.

“Wi-Fi cuts the cord to put laptop users in chairs, rather than on the floor,” said Skip Miller.

allow roaming by other internet providers through open access agreements.”

Service users have two ways to connect: through Web-based log-in using one’s Internet browser, or by using Sprint PCS Connection Manager software with Wi-Fi, which enables customers to manage the service in hundreds of other Sprint compatible public Wi-Fi Zones in a

New Weekly Parking Rates

The parking rates at Louisville International Airport have been adjusted and include weekly parking rates in the Remote Surface Lot and the Over-4-Hour Parking levels in the garage. The weekly rates equate to parking for 6 days and getting the 7th day free.

While customers may park in any parking area: **The Under-4-Hours** area is the least expensive parking for up to four hours. This area, located on level 1 in the garage, is often used by visitors to meet and pick

up travelers.

The Over-4-Hours area, located in the garage, offers the least expensive **covered** parking (levels 1-3) for 5-24 hours and convenient, uncovered rooftop parking on level 4.

The Remote Surface lot is not covered, but provides the least expensive parking for any length of stay beyond 5 hours.

CNBC News is Newest Addition to Airport

CNBC News Louisville is The Paradies Shop's newest addition within Louisville International Airport.

At any time, traveling customers can enter the store and watch CNBC shows or simply catch a glimpse at the latest stock report.

In addition, an online internet station will allow customers to access the CNBC News website for up-to-the-minute news or to click to other CNBC links.

Louisville's CNBC News shop carries the nation's top 50 magazines, top bestselling books, newspapers, candies and sundries. Visitors can take home special Kentucky gift items including Maker's Mark bourbon cigars or even mint julep mix.

Classic Bi-plane Tours Lands at Bowman Field

Classic Bi-plane Tours has landed at Bowman Field and offers unique tours of Louisville in a Waco YMF open cockpit bi-plane. The aircraft is a replica of the original YMF built in 1934-35.

Two passengers may sit side-by-side in the cockpit as they enjoy their ride wearing a cloth helmet and goggles. Each passenger also wears a headphone/microphone for talking with the pilot and the other passenger.

For more information, call (502) 836-5252 or visit www.classicbiplanetours.com.

What's New at Louisville International

New Smoking Area

The smoking area at Louisville International Airport has been moved to the mezzanine level between Concourse A and B. The new location features a state-of-the-art ventilation system, bar service, computer hookups and free TV.

Starbucks Adds Cart Service in the Food Court

Starbucks has added cart service in the food court area. This location, prior to the security checkpoint, offers service to all visitors to Louisville International. In September, Starbucks will convert its cart location to a full-service facility.

Numbering System Improved

Louisville International Airport now has a new airline gate numbering system that mirrors the system used at most U.S. airports, which should make it easier for travelers to locate gates.

The new gate numbering system—one of the many changes at the airport driven by the \$41 million terminal renovation project—also permits the airport to add more gates without having to re-number in the future.

The Delta, Continental and Northwest wing is now Concourse A, with gates A1-A14. The United, USAirways, Midwest Connect, Southwest and American wing is Concourse B, with gates B2-B-19. The former Comair gate—across from the security checkpoint—is now Gate T1.

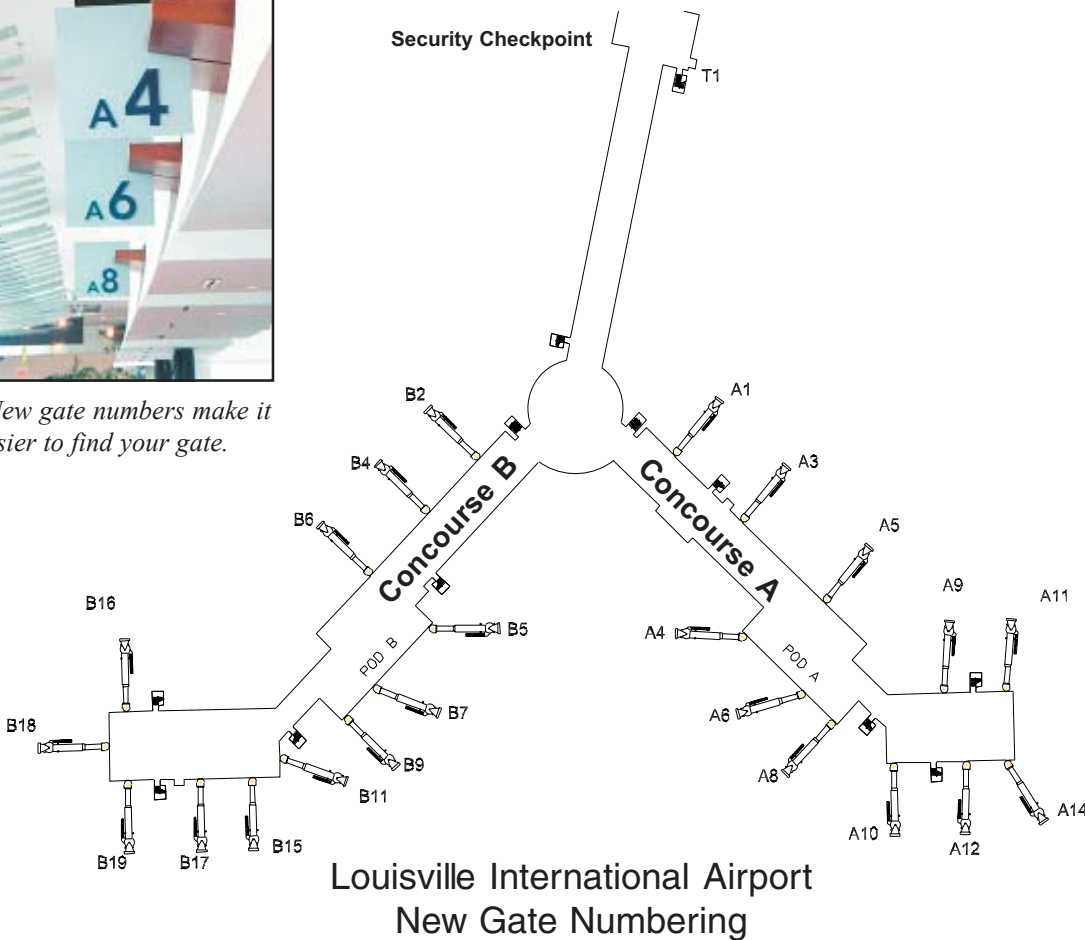

Independence Air, which is scheduled to begin service in Louisville August 23, 2004, will operate from Concourse B.

WELCOME TO
RON LOVELL,
STATION MANAGER FOR
INDEPENDENCE AIR.

New gate numbers make it easier to find your gate.
