Parking Rate Adjustments at Louisville International

Louisville, KY (June 30, 2010)—On July 1, the first parking rate adjustment since July 2005, will go into effect—a \$1 per day increase in the Under-4-Hours (from \$18 to \$19 a day) and Over-4-Hours (from \$12 to \$13 a day) areas of the parking garage. The rate in the surface lot remains unchanged (\$9 a day).

Please note that the park-7-days and pay-for-6 discount in the Surface Lot and Over-4-Hour area of the garage remains available.

Also, on July 1, the existing credit-card-only lot will close. During the coming months, a new credit-card-only lot will be built closer to the east side of

the terminal—just a few steps away from the baggage claim area. In addition, the lot's entrance and exit will be reconfigured to make it easier for travelers to park. In addition, airport guests will not need to use the parking tollbooth to exit the lot—saving valuable travel time. The new lot is scheduled to open in early November and will cost \$15 a day.
