

Phase 2A North Connector Crittenden Drive Relocation Project

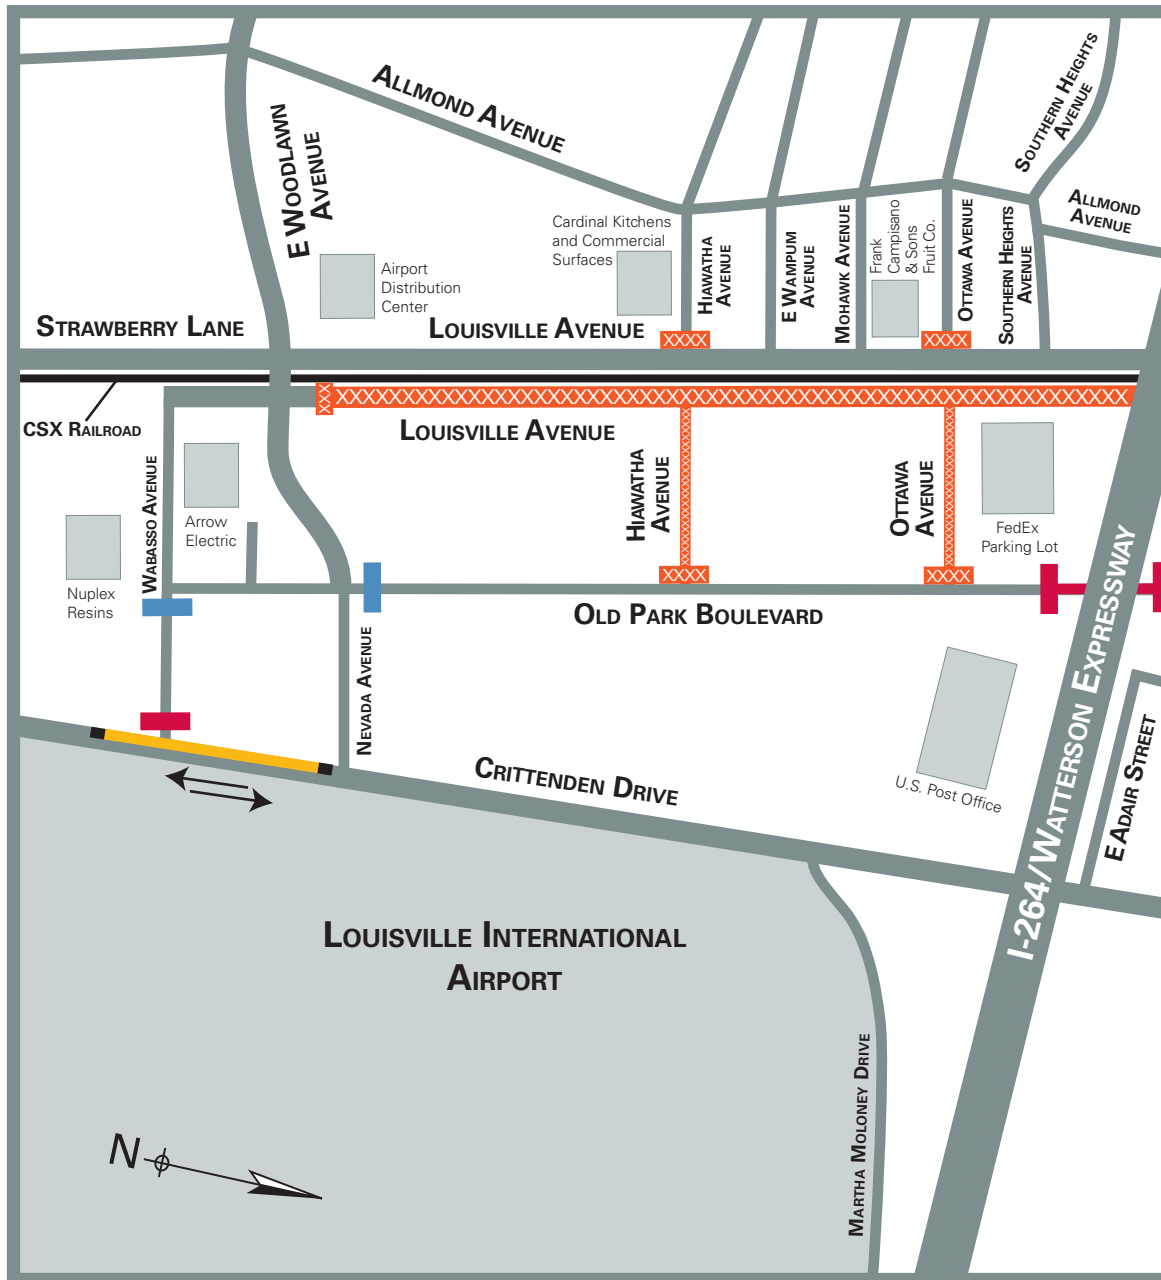

On Monday, May 20, roadway signs will be posted alerting travelers that on Monday, June 10, the intersection of Old Park Boulevard and Park Boulevard (just north of Louisville International Airport's maintenance facility) will be temporarily closed. The intersection is scheduled to reopen on Monday, July 15.

This temporary closure of the intersection is necessary so that the contractor can connect the new, relocated Crittenden Drive to a section of Park Boulevard that is being built.

Phase 3A North Connector Crittenden Drive Relocation Project

Roadway signs will be posted alerting travelers that on Monday, June 3, the intersection of Wabasso Avenue and Crittenden Drive will be temporarily closed. The intersection is scheduled to reopen on Monday, July 29. During this period of closure, the two southbound lanes of Crittenden Drive at that location will also be closed. There will be two-way traffic on the northbound lanes.

These closures are necessary so that the contractor can connect the new relocated Crittenden Drive to the existing Crittenden Drive at that location.
