## Frontier Airlines Announces New Nonstop Service to Austin

LOUISVILLE, KY (June 6, 2018) – Frontier Airlines announced new nonstop service between Louisville International Airport (SDF) and Austin-Bergstrom International Airport (AUS) in Austin, TX beginning Monday, August 13, 2018. Nonstop flights to Austin will be offered twice weekly on Mondays and Fridays, using an Airbus A320, with special introductory fares now available at [www.FlyFrontier.com](http://www.FlyFrontier.com).

“We are thrilled Frontier has announced a second nonstop route from Louisville,” said Dan Mann, Executive Director of the Louisville Regional Airport Authority. “It is great news that Frontier is already expanding their service options - within a matter of weeks since beginning nonstop service to Denver. This new flight makes it easier for Austin residents to take advantage of great fares to Louisville and experience the area’s tourism, including the bourbon industry and all of the exciting attractions our city has to offer.”

“As our city and our economy grow, we’re actively pursuing more direct flights to key markets, and we’re thrilled to see Austin added to the list,” said Louisville Mayor Greg Fischer. “Like Louisville, Austin is a city of innovators and entrepreneurs, and we look forward to people being able to more easily travel between our two great communities.”

With this announcement, service is now available to a record 32 nonstop destinations from Louisville, including 17 of the top 20 destinations travelers visit most. Louisville International Airport has experienced a consistent increase in passenger traffic during the past 12 months. With just one stop, travelers from across the region can reach 170 international destinations in 81 countries on six continents.

Frontier offers service to more than 80 destinations in the United States, Canada, Dominican Republic and Mexico and is focused on offering customers the ability to customize their travel to their needs and budget. This includes options like bags and seat selections a la carte or in one, low-priced bundle such as The Works.
