News and Information about Bowman Field from LRAA

Winter 2013

The Authority Receives Safety Award

The Louisville Regional Airport Authority received the Kentucky Employers' Mutual Insurance (KEMI) 2012 Destiny Award for safety in the workplace. This award is presented annually to policy holders that best exemplify KEMI's motto, "Control your own destiny," by having an ongoing commitment to safety at all levels of the organization. Airport Authority staff at Bowman Field are consistently aware of maintaining a safe work environment. They have been recognized numerous times throughout calendar year 2012 as the LRAA Shop of the Quarter because of their positive safety shop inspections, no personnel injuries and no vehicle or equipment damage.

New Vehicle Gate

Bowman Field staff handcrafted a new gate at the vehicle entrance of the East Ts from metal tubing and chain link fencing. Due to staff's innovative approach, this project saved the Authority an estimated \$2,000.

Bowman Briefing Recap

The LRAA hosted its fall Bowman Briefing on Tuesday, November 20 at the Aero Club.

Project Updates

- All markings on Runway 15-33 (except for edge lines) have been painted.
- Air conditioning was installed in the third floor and tower of the Administration Building.
- A new reflective airfield sign was installed on Taxiway "H" (coming from the LEA ramp).
- LOU has received a newer 4,000 gallon de-icer truck and 22' high-speed broom and blower to use beginning this winter.
- The painting of the West Ts is complete.

T-Hangar Lease Information

Beginning February 1, a month-to-month lease option will be available for all current and future T-hangar tenants at a 10% premium of the monthly rental rate. Please contact Karen South with any questions.

Door Prize Winners

Congratulations to the winners of our door prizes:

Sherri Stovall and **Ed Winn** each won a Bowman Field T-shirt.

Don Jefferies won a taxiway table lamp.

Mark your calendars for the next Bowman Briefing scheduled for **Tuesday, February 19 at 7:00 p.m.** at the Aero Club.

Tetrahedron Restoration

The Kentucky Aviation Historical Society has been hard at work restoring the tetrahedron at Bowman Field. To date, the Society has replaced hardware, updated wiring, balanced the unit, sanded, and repainted the exterior and base. The lighting is scheduled to be functional sometime this year. Tetrahedrons are used to indicate the direction of takeoffs and landings.
