## Bowman Briefing

The LRAA hosted its winter Bowman Briefing on Tuesday, February 28 at the Aero Club:

### Project Updates

The LRAA is acquiring more than 40 easements and will soon start a second tree replacement effort off all runway ends with a goal of having a portion of this work completed by June 1. LRAA will also focus on these additional projects and improvements at Bowman Field:

- Drainage and Sanitary Sewer Improvements for the Administration Building
- Maintenance Building Roof Replacement/Repair
- Hangar #5 Roof Repair
- ASOS Relocation (FAA)
- Airfield Pavement Rehabilitation -2017 (civil air parking and LEA)
- Painting at Curtiss Hangar
- Review of T-Hangar rates
- Vacancies at Bowman Business Center

The FAA recently ruled that, starting July 1, general aviation airports can lease hangars for non-aeronautical use. The LRAA is developing a policy regarding this practice for submission to the FAA for review.
