Aerospace Education Program Headquartered at Bowman Field

Air + Space Academy, a leading provider of aerospace education programming for students in grades 9-12, has established its national headquarters in Hangar 7 at Bowman Field. The 501 (c) 3 non-profit education organization offers programs to schools across the country that focus on science, technology, engineering and math. It's expected Hangar 7 will serve as a base for a variety of Air + Space Academy programs including training, competitions, aircraft maintenance and restoration, simulated flights, satellite launches and after-school programs for local youth.

For more information on the Air + Space Academy, visit www.airandspace-ed.org.

Winter Weather

Bowman Field staff recently battled multiple winter weather events that amounted to almost two feet of snow and up to ½ inch of ice. To combat the elements and ensure the airport remained open and operational, staff deployed the following equipment:

- Two trucks with 22-foot plows
- A dump truck with plow
- Two 22-foot snow brooms
- Two pick-up trucks with plows
- One deicer truck
- One bobcat with snow brush

Staff worked more than 100 hours in 12-to-36 hour shifts clearing runways, taxiways, ramps and areas at the Bowman Field Administration Building.
