Taxi Services

Taxi operator zTrip has installed a Taxi Butler in lieu of the traditional taxi starter to assist those who need a taxi for transport from SDF. The individual simply follows the directions on the sign by pressing the button once on the red Taxi Butler, and cabs in the area are alerted a pick-up is needed. The Taxi Butler then shows the individual that a taxi is en route and the estimated wait time.

Electric Cart Service

The electric cart that provides courtesy service for passengers between the security checkpoint to/from the gate areas temporarily ceased operation. Additional wheelchairs will be available for those travelers who need assistance.

Information Booth

The Information Booth is open with virtual assistance from our volunteer Airport Ambassadors by live video feed. The volunteers, who are knowledgeable of the airport's operations and community, are able to assist travelers and other guests with flight information, ground transportation and a variety of other information.

The Virtual Information Booth is currently open limited hours during the following:

- Monday: 10 a.m.-4 p.m.
- Thursday: 10 a.m.-4 p.m.
- Friday: 10 a.m.-4 p.m.

Please note: It is expected the Virtual Information Booth will expand its hours as passenger traffic increases.
