

Louisville Regional Airport Authority
Community Noise Forum
Monday, August 3, 2026
Agenda

- I. Call to Order: 6:00 PM
- II. Approval of May 11, 2026 Meeting Notes
- III. LRAA Board Member Report
- IV. Active Noise Cancellation Update
- V. Noise Compatibility Program (NCP) Update and Consultant Presentation
- VI. Part 150 NCP
 - a. Noise Insulation Program
 - b. Contraflow Exceptions
- VII. Current Noise Concerns
 - a. Noise Concerns/Complaints
 - b. Runway Utilization
 - c. Construction and Maintenance Activity
- VIII. Guest Comments
- IX. Announcements
 - a. The LRAA is hosting a series of open-house-style public meetings throughout the course of the NCP update. The first open house took place on Tuesday, May 12, 2026. The LRAA invites interested community members to the second open house on Tuesday, August 4, 2026, between 5:00 p.m. and 7:00 p.m. at Fourth Presbyterian Church (3016 Preston Highway).
 - b. Noise Program Manager Position Update
- X. Next Meeting: October 26, 2026
- XI. Adjournment

COMMUNITY NOISE FORUM (CNF)

Monday, May 11, 2026

Members

Mary Rose Evans, ANA
Darrell Watson, LRAA
Trey Hettinger, Airline Affairs
Jeff Kozak, UPS

Bob Slattery, LRAA
Rebecca Katz, Louisville Metro
Kristofer Violette, FAA
Cathy Morton Ward, Northeast

Guests

Wendy Harrower, C&S
Emma Mason, LRAA
Natalie Chaudoin, LRAA
Kate Larson, HMMH

Lopa Naik, FAA
Dorn Crawford, Audubon Park
Gene Reindel, HMMH

- I. Call to Order: 6:00 PM:** The meeting was called to order at 6:00 p.m.
- II. Approval of February 9, 2025 Meeting Notes:** The meeting notes for February were approved with no changes.
- III. LRAA Board Member Report:** There was no LRAA board member report.
- IV. Active Noise Cancellation Update:** Active noise cancellation updates are included in the handout. The LRAA is waiting on potential additional funding from the FAA.
- V. Noise Exposure Map (NEM) Update:** The Noise Exposure Maps have been accepted by the FAA. The LRAA now has official 2024 and 2029 Noise Exposure Maps.
- VI. Noise Compatibility Program (NCP) Update and Consultant Presentation:** Gene Reindel and Kate Larson gave a presentation on the Noise Compatibility Program Update. The agenda for the CNF meeting was to focus on noise abatement measures and recommendations for consideration. HMMH wants to learn the CNF's expectations for abatement measures and then discuss those with the Technical Advisory Committee the following day. Gene explained the airport noise compatibility program, planning, objectives, and development. Gene reviewed each noise abatement measure, the implementation status, and HMMH's considerations for discussion. A lengthy discussion followed regarding the offset approach, flight track measures, STAR procedures, and aircraft run-up locations. Comments or suggestions for noise abatement measures are encouraged to be submitted to HMMH by the end of May for evaluation.
- VII. Part 150 NCP**
 - a. Noise Insulation Program:** Residential Sound Insulation Program updates are included in the handout.
 - b. Contraflow Exceptions:** Contraflow for January, February, and March are included in the handout.

VIII. Current Noise Concerns

a. Noise Concerns/Complaints: Noise comments for January, February, and March are included in the handout.

b. Runway Utilization: Runway use and aircraft types for January, February, and March are included in the handout.

IX. Guest Comments: There were no guest comments.

X. Announcements: LRRA is hosting a series of open-house public meetings throughout the course of the NCP update. LRRA invites interested community members to the first open house on Tuesday, May 12, 2026, between 4:00 p.m. and 6:00 p.m. at Fourth Presbyterian Church (3016 Preston Highway).

XI. Next Meeting: August 3, 2026

XII. Adjournment: A motion was made to adjourn the meeting at 7:10 p.m.

RESIDENTIAL SOUND INSULATION PROGRAM

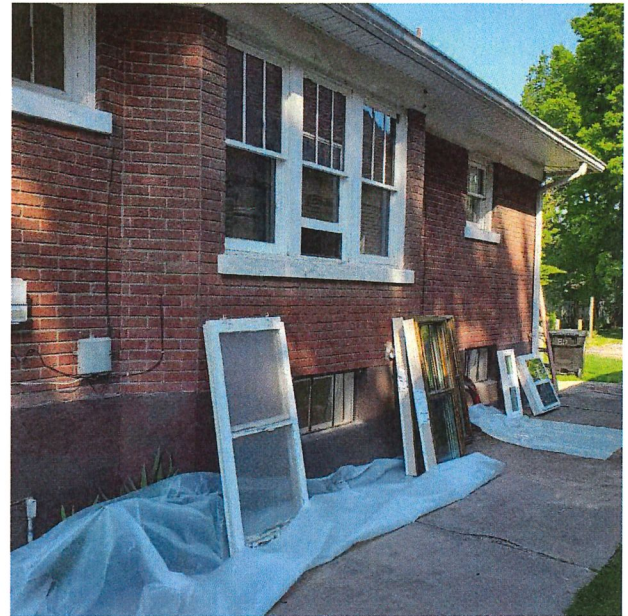

PROJECT OVERVIEW

The QuieterHome Program began in 2008 and is part of the airport's continual efforts to insulate residential homes around the airport. Funding is 90% FAA, with the remaining 10% from the Airport Authority.

CURRENT STATUS

As of May 1, 2026, a total of 869 families have received sound insulation in all previous and current program areas. A project for an additional 42 families was awarded in December.

PHASE 2.0 - 45 FAMILIES

Status:	Completed
Contractor:	Miranda Construction
Start Date:	April 2025
Completion Date:	April 2026

PHASE 2.1 - 42 FAMILIES

Status:	Awarded
Contractor:	Miranda Construction
Start Date:	February 2026
Completion Date:	October 2026

PHASE 1.9 - 31 FAMILIES

Status:	Completed
Contractor:	S&L Specialty Contracting
Start Date:	September 2024
Completion Date:	May 2025

PHASE 1.8 - 29 FAMILIES

Status:	Completed
Contractor:	Strong Tower
Start Date:	March 2024
Completion Date:	January 2025

LOUISVILLE MUHAMMAD ALI INTERNATIONAL AIRPORT

CONTRAFLOW (10:00 p.m. - 7:00 a.m.)
OPERATIONS REPORT
April 2026

CONTRAFLOW

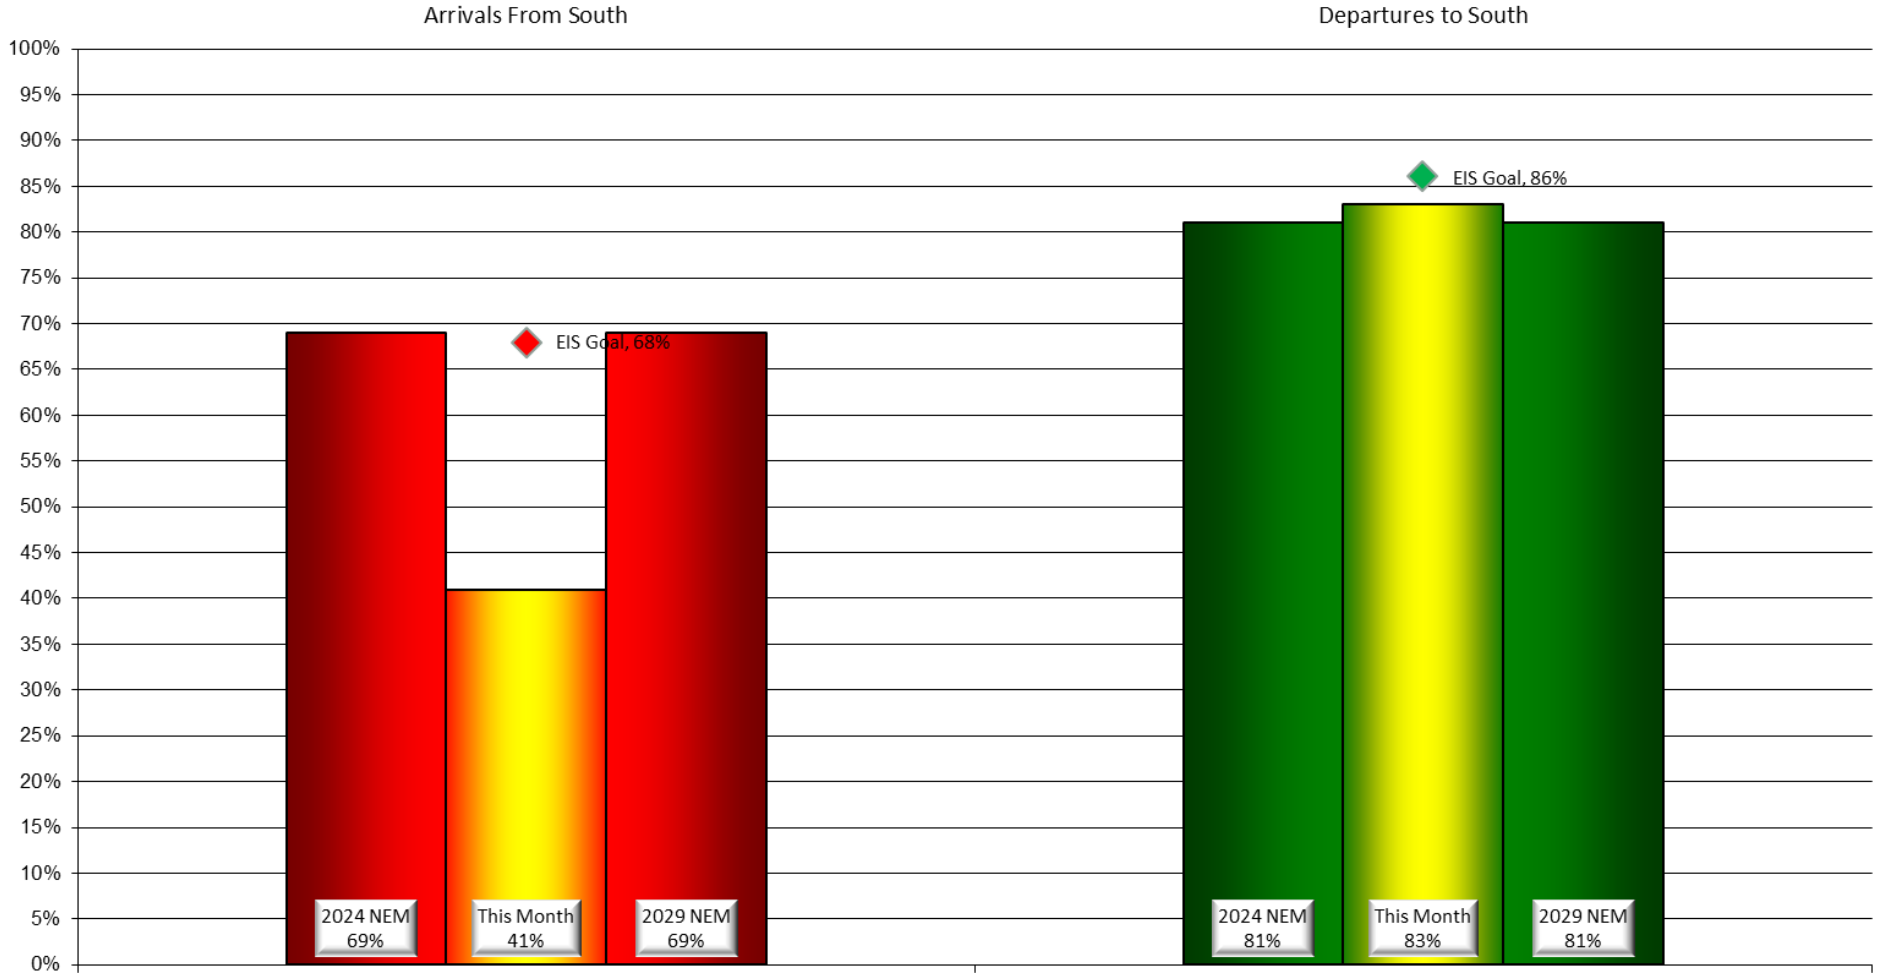

Between the hours of 10:00 p.m. and 7:00 a.m., the Airport operates from the south and to the south (contraflow) whenever wind, weather, and demand allow. Contraflow procedures require aircraft to arrive on Runways 35R and 35L and depart on Runways 17R and 17L in order to direct aircraft operations south of the Airport over areas which are less densely populated than areas north of the Airport.

Comment Summary April 2026 (SDF/LOU)

Date	Time Of Complaint	Airport	Location	Comment Type	Comment
2026-04-01	09:41	SDF	Saint James Court, KY 40208	Too Many	Too low, loud, and many. To avoid severe headache and disruption to my productivity and internet, I will seek shelter elsewhere for the day.
2026-04-02	23:45	SDF	Saint James Court, KY 40208	Too Loud	Too loud, low many, and late. The planes hurt my head and are preventing me from sleeping.
2026-04-03	00:14	SDF	Park Avenue, KY 40208	Too Loud	With the weather change, it seems like the flight patterns have changed again, and I'm calling to make a formal complaint about the UPS flights flying incessantly over the same flight path, one every minute and a half, and extremely low and extremely loud. And it is absolutely absurd that my area is not in the quieter homes program. I would love a little bit more information on how to complain, how to get in that program, because about half the year it's pretty quiet where we live, and the other half of the year these planes never stop, especially late night, and I'm trying to run an Airbnb out of my house, and it's a pretty difficult situation. So, if you could call me back.
2026-04-03	09:38	SDF	Saint James Court, KY 40208	Too Loud	Too low, loud, and many. It hurts my head. And inhibits my ability to work.

2026-04-04	02:50	SDF	S.4 th Street, KY 40208	Too Loud	It's me again. I'm writing to express my concern about the noise pollution caused by the planes. The past few days, the planes have been flying continuously throughout the night. Last night and tonight, they're still flying over our house well past 11 p.m. They're flying at intervals of about 5 to 6 minutes back-to-back. This situation has become unbearable, and my guest has even complained about it. Is there any way to address this issue? I'm curious to know if the neighbors have already heard about this and if there's any action being taken to resolve it
2026-04-07	22:55	SDF	Santa Fe Trail, KY 42701	Too Late	Too late, too loud, and now here's another one so add too many! Too low! Huge loud stupid noisy jets waking us up!!! So how far away do we need to move to be far away from your stupid airport because apparently 55 miles isn't far enough!!!! And here's another loud one! 3 in a row-just kill us now if we have to listen to this s*** all night long!
2026-04-09	02:05	SDF	Saint James Court, KY 40208	Too Late	Too late, too low, too loud, and too many. The planes are preventing me and my family from sleeping. Please explain how you plan to protect public health while continuing to maintain this air traffic volume and schedule.

Comment Summary
April 2026 (SDF/LOU)

Date	Time Of Complaint	Airport	Location	Comment Type	Comment
2026-04-09	03:00	SDF	Crawford Rd, IN 47117	Too Loud	Started about 3:00 a.m. this morning. Non-Stop traffic directly over my house the way it sounded. It sounded like the three engine planes because they produce the most annoying noise. One ear plug in my ear helped me relax a little bit. YouTube black screen sleep music without advertisements with surround sound helps camouflage the jet engine noise a very small amount. The four engine UPS planes are just barely noticeable when they fly over. Surely you are aware of the toxic ingredients added to the kerosene for the planes to burn. If you're at the airport everyday, you might want to have an examination with your respiratory doctor. The additives to the kerosene are definitely unnecessary for 90% of the planes. It is a direct attack to all humans on the surface of the planet. 8 million people die from air pollution each year. I will be re-examined next month. I noticed my nose swelling on the inside after exposure to the air outdoors after 100 jet engines have flown over my head at low altitude when the wind speed is less than 10 mph. It's not possible for me to step outside after the planes have gone over when the temperature is over 93° Fahrenheit and the wind speed is very low. The air quality experts like to call it ground ozone rather than air pollution from engines burning petroleum. I have not found anyone that can tell me how many particles of aluminum are in the air quality test in downtown Louisville. If the air quality number is higher than 50, I won't be outside for over an hour. In the wintertime those particles are not tree pollen or mold. For people that live and work near the airport I would suggest they be very careful around aluminum containers such as drinks and food and also avoid eating any food that has come in contact with aluminum foil. Medical scientists are finding large amounts of aluminum in the brain area of people that have died from Alzheimer's injury. Disease is not a good description of a poisoning of the human continuously at low doses for a lifetime. It is a direct attack and that is obvious at this point. Artificial intelligence reports- Jet fuel exhaust, particularly during take-off and landing, releases a mix of carbon dioxide, water vapor, sulfur oxides, and nitrogen oxides, along with ultrafine particles (10–20 nm) that can penetrate deep into the lungs. These emissions, combined with potential aluminum additives in fuels, are associated with respiratory issues and long-term health risks. PubMed Central (PMC) (.gov) +3 Key Aspects of Jet Exhaust and Emissions Composition: Jet exhaust primarily consists of carbon dioxide () and water vapor (), with less than composed of sulfur oxides (), nitrogen oxides (), carbon monoxide (), unburned hydrocarbons, and soot. Ultrafine Particles (UFPs): Emissions include nano-sized particles (10–20 nm) that can penetrate deep into the respiratory tract, with high concentrations found near airports. Health Impacts: Exposure is linked to dizziness, headaches, nausea, respiratory irritation, and potential long-term, chronic health effects.

Date	Time Of Complaint	Airport	Location	Comment Type	Comment
2026-04-10	00:29	SDF	Park Avenue, KY 40208	Too Loud	Within the last two weeks, the flight patterns seem to have changed, and they are now flying directly over my house, very low and loud. There have been months without any flights at all and now literally around 100 flights a day if not more. I would say over 50% of these flights I'd consider a huge noise issue with how low and loud they are. It is mostly the UPS flights. The flight are coming in for landing from the north. I understand we live near the airport and near flight paths. However, for a few hours in the morning typically between 10-noonish and the again from 10 p.m.-2 a.m. the planes are low, loud and INCESSANT. There is a plane on average every 2-3 minutes. This is completely unsustainable. The noise is disrupting my sleep, my health, my peace and my business. I run an Airbnb out of our house as well and not being able to predict when there will be flight noise greatly disrupts my guests as well. We are not listed in the eligibility zone for noise mitigation either. I've attached two videos showing how low, loud and directly above the flights are. Is there any predictor on the flight path so I can plan better for my business? Is there any way to limit the number of flights on the same path to ease the exhausting burden of flight after flight after flight? Is there any way to review the eligibility for noise mitigation? Thanks for your time and attention!

Comment Summary

April 2026 (SDF/LOU)

Date	Time Of Complaint	Airport	Location	Comment Type	Comment
2026-04-13	23:57	SDF	Saint James Court, KY 40208	Too Many	Too loud, low many, and late. Tonight, the traffic sounds more like a military invasion - preventing sleep and causing significant head aches.
2026-04-14	00:41	SDF	KY, 40208	Too Loud	Enforce stepped landing and take off instead of whatever straight shot up or down that UPS does every night. It's loud. And it's a noise violation. I live in Old Louisville near The Tavern. It's unbearable most nights unless you a: fall asleep before 11 p.m. or b: drug yourself with a sleep aid. Please do something about this. I have read the report and understand that *technically* noises are in compliance because you have domestic flights to water down the true noise being incurred on residents at night from UPS.
2026-04-14	01:43	SDF	Saint James Court, KY 40208	Too Low	Too low, loud, late, and many. It's truly painful. Please advise how you plan to protect public health.
2026-04-15	10:45	SDF	Saint James Court, KY 40208	Other	For the 2nd day in a row the planes are not only causing me physical pain in the form of a headache, they are also disrupting my internet connection-which impedes my productivity and ability to conduct online meetings. This is a pervasive problem. Please explain how you intend to mitigate moving forward.

2026-04-17	13:17	SDF	Meador Mt Rd, KY 40165	Too Low	I have some concerns about some UPS planes that are flying directly over my house very low. Kind of looks like they're going to land on my roof or in my backyard. They've been doing it since November. I witnessed two of them crisscross today. Kind of held my breath in disbelief on that, I'd like to talk to you about that and just we'll just kind of go from there. So, thank you very much and I hope to hear from you at some point today. So, thank you. Take care.
2026-04-18	00:34	SDF	Park Avenue, KY 40208	Too Many	Within the last two weeks, the flight patterns seem to have changed, and they are now flying directly over my house, very low and loud. There have been months without any flights and now over 100 a day, if not more. The flights at night between 10 p.m.-2 a.m. are on average every 2-5 minutes and it is INCESSANT. It is disrupting my sleep, my health and my peace.
2026-04-18	02:31	SDF	Park Avenue, KY 40208	Too Loud	Very low, very loud, and VERY late.
2026-04-18	07:10	SDF	Santa Fe Trail, KY 42701	Too Loud	Loud noisy jet flying low over our house early in the morning waking us up! It vibrates us and our house sounding like a d*** rocket taking off over us! Who the h*** is flying someplace this early on a weekend morning!!!!

Date	Time Of Complaint	Airport	Location	Comment Type	Comment
2026-04-23	22:28	SDF	Park Avenue, KY 40208	Too Loud	UPS flight very low and loud. A low and very loud UPS plane every 2-3 minutes is not sustainable for a livable city.
2026-04-24	08:50	SDF	Park Avenue, KY 40208	Too Low	Extremely low and loud.
2026-04-24	13:12	SDF	Eastern Parkway, KY 40217	Too Many	Just had 5 planes flying over in the past 45 minutes!!!! Please confirm receipt and advise. MAKE THAT 6!!! Just had 2 more! <i>(Representative of multiple comments received within the hour.)</i>
2026-04-26	14:22	SDF	Eastern Parkway, KY 40217	Too Many	Saturday & Sunday heavy traffic over Delor Ave and Eastern Parkway like it was on Friday. Please let me know if you can do anything about the noise over my property. If you can't then what do I need to do or who else can I talk to.
2026-04-26	17:52	SDF	Glenafton Ln, KY 40217	Too Many	It's Sunday and the planes have been coming over here every minute. Just wondering what in the h***'s going on.
2026-04-26	18:23	SDF	Glenafton Ln, KY 40217	Too Many	These planes are so loud you can't even open your windows in the house and they're just one after another. So, I don't understand what has changed. It's a Sunday.

Comment Summary April 2026 (SDF/LOU)

Date	Time Of Complaint	Airport	Location	Comment Type	Comment
2026-04-26	18:55	SDF	Audubon Pkwy, KY 40213	Other	This weekend (25-26 Apr) provided emphatic reminders that last week's air show transits of the neighborhood weren't so bad after all. In particular, the UPS-dominated mid- to late afternoon departure push (roughly 4-7 p.m., this Saturday and Sunday) provided nearly nonstop disturbance in the Audubon Park area, doubly aggravated by - unwarranted north flow, under cloudless skies, with wind variously reported by the flight tracker as east or 'variable' at 4-6 knots, providing no occasion exceeding runway component tolerances for preferred operations; and - exclusive use of the east runway, maximizing noise exposure over the most densely populated areas north of the airfield, and yielding unsettling flight-tracking images of minimal aircraft separation. It's tough to conceive the coincidence of exceptional circumstances that would justify the operations described, two days in succession, no less. But if there is such a coincidence, it would be useful to hear, for future reference.
2026-04-27	22:05	SDF	Saint James Court, KY 40208	Too Low	Far too low & loud.
2026-04-27	22:57	SDF	Park Avenue, KY 40208	Too Low	Very low and very loud.

2026-04-30	00:33	SDF	Santa Fe Trail, KY 42701	Too Loud	Too loud and too late! Trying to sleep! Normal people are trying to sleep you a*****!!! At a certain point this becomes warfare on us when you send 20 planes one after another! Psychological warfare that is killing us!!!!!! LET US SLEEP YOU F***** A*****!!!!!!!!!!!!!! D***! You trying to hit all of em! Too loud, too low, too late, too f***** many! We just want to f***** sleep! We have to be able to go to work tomorrow!!!! We have missed too many days already bc of you a*****!!!! <i>(Representative of multiple comments received within the hour).</i>
2026-04-30	01:32	SDF	Santa Fe Trail, KY 42701	Too Loud	Too loud too late too many! All the above! Almost 3 f***** hours no sleep!!! All bc of you a***** sending these jets right over us!!!
2026-04-30	16:00	SDF	Spickert Knob Rd, IN 47119	Too Loud	The UPS flights on Wednesday the 29th and Thursday the 30th over my house or very close have been happening approximately every 2 minutes from around 4 p.m. to around 6:30 p.m. Many of these planes are low and loud or just loud. What changed? Will this be our norm from here on out? Will we no longer be able to enjoy our evenings after work without it sounding like we live right under a runway? The change from the plane noise we have had to this is profound. I would appreciate a response. If this continues, I will file a report with the FAA.

2026-05-01	04:55	SDF	Meador Mount Rd, KY 40165	Too Many	All day, all night noise and breathing the particulates with residue presiding all over everything. Planes idle and circle over house constantly. Some look like they're getting ready to skip off the roof or land in backyard. My family's health is in jeopardy from breathing constant emissions, constant noise and now extreme stress which has led to extreme lack of sleep. These are all UPS PLANES. Have made multiple inquiries via phone to FAA.
2026-05-01	06:13	SDF	Santa Fe Trail, KY 42701	Too Loud	Now we can't even sleep in past 5 a.m.! Because of your stupid jet noise! Another loud jet just flew over waking us up again! How much farther do we have to move out in the country to get away from your attacks!?!?! Another loud noisy jet over my house sounding like a d*** rocket taking off out my window!!! Rumbling vibrations on my house and us too!! Just when we almost getting back to sleep from being jolted awake earlier now here's another loud a** jet!!!!
2026-05-01	09:44	SDF	Santa Fe Trail, KY 42701	Too Loud	D***, you would think our house sits 5 ft from your stupid airport!!! Just saw the lowest loudest huge jet I seen! Swear I could have touched its wings!!! Is this what it is like at our house when we are working all day you send your stupid jets over us like this! No wonder our animals aren't doing well and one of our horses hurt its leg running from your stupid noisy jets!

2026-05-03	12:45	SDF	Meador Mount Rd, KY 40165	Too Many	WE DO NOT LIVE BY AIRPORT! Day and night constant emissions and thunderous sky noise. Flying low overhead. A letter will be drawn up and sent to Kentucky senator. My next statement will be made to FBI for further analysis. No quality of life due to the particulates that rain down overhead and is a direct threat to my family's health. The constant rumbling sky noise from UPS and other misc aircraft has taken away any and all peace and quiet as a direct result of these flight patterns.
2026-05-03	12:47	SDF	Park Avenue, KY 40208	Too Low	Extremely low.
2026-05-03	14:22	SDF	Park Avenue, KY 40208	Too Loud	Very very low and loud.

2026-05-05	00:59	SDF	Park Avenue, KY 40208	Too Loud	Too loud, too low, too late and too many.
2026-05-05	01:24	SDF	Park Avenue, KY 40208	Too Late	Big, loud, low planes every 2-3 minutes after midnight is not livable. UPS knows the impact they have yet they are doing nothing to change this.
2026-05-05	11:15	SDF	Garden Creek Circle, KY 40223	Too Low	It seems like they started a new flight pattern around February 2025. The planes seem to be really low now. We have been awakened every night for over a year. Something has changed and I am tired of it.
2026-05-05	11:48	LOU	KY, 40205	Too Many	I was hopeful that a balance had been achieved regarding the incessant flyovers from Bowman as they seemed to lessen at times. 59 flyovers since 9 a.m. That is nothing but civil harassment. My fear is that the summer, once school is out will create even a more annoying escalation. Please specifically explain what steps I can take to provide an "official" neighborhood objection to this escalating assault on our peaceful neighborhood. I await your response.
2026-05-05	23:58	SDF	Saint James Court, KY 40208	Too Loud	Too low, loud, late, and many. It's unbearable.

2026-05-06	23:00	SDF	Santa Fe Trail, KY 42701	Too Late	Well, here you a***** go again! Here it is 12 a.m.! And we been listening to your stupid loud noisy jets for the last hour!!! Trying to get asleep!!
2026-05-07	00:15	SDF	Santa Fe Trail, KY 42701	Too Loud	Too loud, too low, too late, too many! Do we win the jackpot! Because it's all of them! We can't miss anymore work because of you a*****!!!! F***** quit terrorizing us so we can sleep!!!!!! We are tired of missing work, our hearts go crazy because it sounds like your d*** jets are crashing into our house or f***** taking off right next to it!!! Somethings gotta give and we pray every night that God slams a d*** asteroid or meteor into your f***** airport.
2026-05-07	00:44	SDF	Santa Fe Trail, KY 42701	Too Many	Too many, too late, too loud! Maybe will let us have 2 hrs of sleep tonight!! You f***** a*****!!!!
2026-05-08	00:14	SDF	Meador Mount Rd, KY 40165	Too Low	All day!! All night! All I hear is the rumble one right after another. I have to be up at 5:30 a.m. and I'm losing sleep every night!! I am terrified how low they are flying!!! Looks like they are coming straight for my house then directly over. To many, to low!! The emissions are leavening a heavy residue on everything... *I FEEL AS IF MY FAMILIES LIFE IS IN JEOPARDY* What do I need to do to get your attention?

2026-05-27	18:45	LOU	KY, 40207	Too Low	Airport Operations Advised: Last night, we received a noise complaint regarding a helicopter that was doing extremely low passes over an individual's house for about 1 hour from about 18:45 to 19:45. FlightRadar24 data does show a Robinson R44 doing multiple low passes in the area during that time frame. Likely ATC had them doing these passes north of RWY 6/24 due to a full pattern for that RWY. I assured the individual this was an irregular operation, but she wanted me to pass along her concerns to you as she was very frustrated over the excessive noise.

2026-06-12	03:55	SDF	Larchmont Avenue, KY	Too Loud	I live over here on Larchmont Avenue, and a plane went over our house, and I thought it was going to crash in the house. It was so loud. It shook the house. It was just unbearable. It woke me up. It was at 3:55 in the morning, Friday morning. And there was another plane that flew over about 20 minutes later, and it was about half that sound. But we heard the planes flying all around here last night. I couldn't get back to sleep. And anyway, this one of the loudest and one of the most nerve-wracking moments living here. I've been living here for 25 years
2026-06-12	12:06	SDF	Halstead Ave, KY 40213	Other	I was calling about the noise pollution, replacement windows, and wondering if you could call me back. I was just wondering if y'all was back in my area yet.
2026-06-13	00:30	SDF	Park Avenue, KY 40208	Too Loud	So low and loud.
2026-06-13	00:49	SDF	Park Avenue, KY 40208	Too Loud	Sooooooooo loud.
2026-06-13	10:27	SDF	Park Avenue, KY 40208	Too Low	This plane was extremely low. How is this allowed?

2026-06-17	23:13	SDF	Park Avenue, KY 40208	Too Loud	Plane was so loud, sounded like it was revving its engines right above our house.
2026-06-17	23:30	SDF	Park Avenue, KY 40208	Too Loud	These planes are so low and sounds like revving their engines as they fly over.
2026-06-17	23:59	SDF	Washington Blvd, KY 40242	Too Loud	This actually started around 11:30 p.m. As trivial as this sounds, my dog is scared of the loud noises the planes make. It's so loud it actually sounds like thunder, which is what he thinks it is. They fly so close together as soon as he calms down, another one starts back up. He is now on potty strike. Please help.
2026-06-18	00:05	SDF	Park Avenue, KY 40208	Too Loud	So loud it's shaking my house, like revving their engines. This program to "mitigate" the negative impact of these UPS planes is a total joke and just a distraction that UPS can do whatever they want.
2026-06-18	00:19	SDF	Park Avenue, KY 40208	Too Many	Our peace to live in our own homes are what is forfeited for UPS to use our town as they want. How are this many low and loud planes, back to back to back this late acceptable and livable? There is no mitigation going on, just blatant disregard for the people who live in the city.

2026-06-23	22:58	LOU	Kings Hwy, KY 40205	Too Late	Last night, 6/23/2026 at 10:58 p.m. an aircraft flew practice training loops taking off from runway 6. At 11:09 p.m. the aircraft landed on 24. The plane was loud and noisy flying over a very densely populated residential neighborhood. This training should never happen after 10:00 p.m. I request you let the pilot, leasing company, tower and FAA know about this activity and that it is not acceptable. This noise and safety of aircraft training after hours needs to be regulated and monitored. Thank you.
2026-06-24	22:53	SDF	Santa Fe Trail, KY 42701	Too Loud	Which one should we pick tonight? Too late? TOO LOUD?! Too many?! Because we got ALL of them!!!! Guess we win!!!! Stupid jets sound like they are crashing into our pasture whining loud!!
2026-06-25	22:05	SDF	Park Avenue, KY 40208	Too Loud	Big, low, and very loud UPS plane rattling windows.

June 2026 (SDF/LOU)

Date	Time Of Complaint	Airport	Location	Comment Type	Comment
2026-06-26	01:46	SDF	Anderson Ave, IN 47150	Too Many	I am writing to submit a formal noise complaint regarding the recent, severe increase in late-night low-altitude air traffic routing directly over my home in New Albany, Indiana. I lived in Louisville near the airport and dealt with the airplane noise for years. I was told that nothing could be done. I lived near Eastern Parkway, and I believed that was just part of the neighborhood. I have since moved to Indiana, hoping to escape the noise and find some peace. It is as noisy as it was in Louisville if not worse. Several planes run hourly (not nightly, but hourly) from midnight until morning. It is louder at night than at 5:00 p.m. when traffic is heavy. It's not right to allow planes to fly over homes at all hours of the night. I work two jobs and in the fall, I will be teaching again. That means early mornings, and I don't want to be kept awake by planes flying over my home all night long. The current diagonal radar vectoring is funneling a relentless stream of heavy aircraft directly over my home. This traffic regularly reaches intense frequencies of 12 to 15 planes per hour starting just before midnight, causing severe structural vibration and sleep disruption. Please log the following specific disturbance for the official SDF Noise Compatibility Program Update data pool: • Date: It's most every night • Exact Time of Disturbance: It gets heavy around midnight • Impact: Structural vibration, extreme engine noise, and severe sleep disruption. As the airport authority drafts its Noise Mitigation Strategies next month (July 2026), I request that this specific New Albany diagonal approach corridor be evaluated as an active noise hotspot. I urge the technical committee to consider alternative radar vectoring guidelines to distribute this late-night noise burden away from residential neighborhoods once the airfield construction concludes. Thank you for your time and for ensuring Southern Indiana residents are accurately represented in the ongoing noise study.

2026-06-26	11:26	SDF	Forrest Street, KY 40217	Other	I am writing to inquire about the eligibility and current status of my property for the QuieterHome Program sound-insulation upgrades. I understand that the program is rolled out in block-by-block phases based on the FAA noise contour maps and available grant funding. Given my location directly under frequent flight paths, aircraft noise is highly noticeable at my property. Could you please let me know: 1 Is my specific address currently eligible for soundproofing upgrades? 2 If my block is not in the active phase, is it scheduled for an acoustic test or evaluation in an upcoming funding cycle? 3 What are the next steps required on my end to get my home evaluated? Thank you for your time, assistance, and dedication to helping our neighborhood mitigate airport noise. I look forward to hearing from you.
2026-06-26	22:01	SDF	Park Avenue, KY 40208	Too Loud	Very loud and low.
2026-06-27	00:06	SDF	Park Avenue, KY 40208	Too Loud	So low and loud.

Daily Runway April 2026 (SDF)

Date	Day	Time		Comment
1-Apr-26	Wed	1530-1730	1930-2130	Weather in airspace, changed multiple times
2-Apr-26	Thu			
3-Apr-26	Fri	2200-0000	0200-0400	Remained south for inbound due to forecasted winds and winds aloft
4-Apr-26	Sat			
5-Apr-26	Sun	0700-1400	1100-1800	Gusty winds out of the northwest
5-Apr-26	Sun	2300-0000	0300-0400	Remained north due to strong forecasted winds out of the northwest
6-Apr-26	Mon	0900-1100	1300-1500	Strong winds out of the southwest
7-Apr-26	Tue	2000-2200	0000-0200	Early runway change due to lull in traffic
8-Apr-26	Wed	2200-0000	0200-0400	Remained south for inbound due to forecasted winds and winds aloft, R3704 activity
9-Apr-26	Thu	0000-0230	0400-0630	Remained south for inbound due to forecasted winds and winds aloft, R3704 activity
9-Apr-26	Thu	2300-0000	0300-0400	Remained south for inbound due to forecasted winds and winds aloft
10-Apr-26	Fri	0000-0230	0400-0630	Remained south for inbound due to forecasted winds and winds aloft
11-Apr-26	Sat	0700-0900	1100-1300	Remained north due to strong winds out of the northeast too close to tailwind component, switched south at 1246Z when wind calmed down
12-Apr-26	Sun			
13-Apr-26	Mon			
14-Apr-26	Tue			
15-Apr-26	Wed			
16-Apr-26	Thu			
17-Apr-26	Fri	0030-0230	0430-0630	Gusty winds out of the southwest during inbound
17-Apr-26	Fri	0900-1600	1300-2000	Thunder over Louisville practice day
18-Apr-26	Sat	0930-0000	1330-0400	Thunder over Louisville
19-Apr-26	Sun	2000-0000	0000-0400	Gusty winds out of the northwest, too close to tailwind component
20-Apr-26	Mon	0700-0900	1100-1300	No reason documented
20-Apr-26	Mon	1400-2200	1800-0200	No reason documented
21-Apr-26	Tue	0900-1100	1300-1500	Strong winds out of the southwest and forecasted to gust
22-Apr-26	Wed			
23-Apr-26	Thu	0900-1100	1300-1500	Strong winds out of the southwest and forecasted to gust
23-Apr-26	Thu	2200-0000	0200-0400	Strong winds out of south close to tailwind component, decided to stay south for inbound. Wind eventually calmed down but TRACON volume didn't allow for a runway change
24-Apr-26	Fri	0000-0230	0400-0630	Strong winds out of south close to tailwind component, decided to stay south for inbound. Wind eventually calmed down but TRACON volume didn't allow for a runway change
25-Apr-26	Sat			
26-Apr-26	Sun	0030-2300	0430-0300	No reason documented
27-Apr-26	Mon			
28-Apr-26	Tue	0900-1400	1300-0800	Strong winds out of the southwest
29-Apr-26	Wed	0300-0500	0700-0900	Remained north due to wet runways and forecasted winds 31010G19
29-Apr-26	Wed	0700-1100	1100-1500	Wet runways
30-Apr-26	Thu	1900-2200	2300-0200	Derby Thursday, Volume
